

Apple music beta android join

I'm not robot!

While testing a beta version of an app or App Clip, you can send the developer feedback about issues you experience, or make suggestions for improvements based on the “What to Test” content. Feedback you submit through TestFlight is also provided to Apple as part of the TestFlight service. iOS, iPadOS, or macOS appsYou can send feedback through the TestFlight app or directly from the beta app or beta App Clip by taking a screenshot, and you can report a crash after it occurs. If you were invited to test an app with a public link, you can choose not to provide your email address or other personal information to the developer. Apple will also receive all feedback you submit and will be able to tie it to your Apple ID. Sending feedback through the TestFlight appFor iOS or iPadOS:Open the TestFlight app on your device.From the Apps list, tap the app.Tap Send Beta Feedback.In the share dialog, tap Include Screenshot to choose a screenshot. If you don't want to send an attachment, tap Don't Include Screenshot.Add your comments (up to 4,000 characters), and optionally enter your email address if you were invited with a public link.Tap Submit.For iOS 12.4 or earlier:If your device is running iOS 12.4 or earlier, tap Send Beta Feedback to compose an email to the developer. The feedback email contains detailed information about the beta app and about your iOS device. You can also provide additional information, such as necessary screenshots and steps required to reproduce any issues. Your email address will be visible to the developer when you send email feedback through the TestFlight app even if you were invited through a public link. For macOS:Open the TestFlight app on your Mac.From the Apps list in the sidebar, select the app you want to send feedback for.Click Send Beta Feedback.In the feedback dialog that appears, add your comments (up to 4,000 characters), and optionally enter your email address if you were invited with a public link.Optionally, attach a screenshot by clicking Attach Screenshot.Click Submit.Note: You can drag and drop screenshots into the feedback text field. Sending feedback through the appWhen you take a screenshot while testing a beta app or beta App Clip, you can send the screenshot with feedback directly to the developer without leaving the app or App Clip Experience. Developers can opt out of receiving this type of feedback, so this option is only available if the developer has it enabled. For iOS or iPadOS: For macOS:Take a screenshot on your Mac. For details on how to take screenshots, visit Take a screenshot on your MacA thumbnail of your screenshot appears in the lower-right corner of your Mac. Click the thumbnail to open the Quick Look window and, if needed, add drawings and text with Markup.From the Share menu in the Quick Look window, click Send Beta Feedback.Optionally, you can add comments (up to 4,000 characters), and your email address if you were invited with a public link.Click Submit. If you experience a crash while testing a beta app or beta App Clip, you'll receive an alert asking if you want to send crash details through a public link. For macOS:Open the TestFlight app on your Mac.From the Apps list in the sidebar, select the app you want to send feedback for.Click Send Beta Feedback.In the feedback dialog that appears, add your comments (up to 4,000 characters), and optionally enter your email address if you were invited with a public link.Optionally, attach a screenshot by clicking Attach Screenshot.Click Submit.Note: You can drag and drop screenshots into the feedback text field. Sending feedback through the appWhen you take a screenshot while testing a beta app or beta App Clip, you can send the screenshot with feedback directly to the developer without leaving the app or App Clip Experience. Developers can opt out of receiving this type of feedback, so this option is only available if the developer has it enabled. For iOS or iPadOS: For macOS:Take a screenshot on your Mac. For details on how to take screenshots, visit Take a screenshot on your MacA thumbnail of your screenshot appears in the lower-right corner of your Mac. If you experience a crash while testing a beta app or beta App Clip, you'll receive an alert asking if you want to send crash details to the developer through TestFlight. Developers can opt out of receiving this type of feedback, so this option is only available if the developer has it enabled.When a crash alert displays for TestFlight for macOS, click Report, add any additional comments, then click OK, Send, or Reopen. tvOS appsTo provide feedback on a tvOS app, open TestFlight, go to app's page, go to the Information section to view the developer's email address, and send them an email. Provide as much information as you can, including screenshots and steps required to reproduce any issues you encountered. Please note that your email address will be visible to the developer when you send email feedback through TestFlight. If you need to contact the developer while you're testing their beta app for reasons other than feedback, you can view their email address. In TestFlight, go to the app's page, go to the Information section, and tap App Details to view the developer's email address. Subscribe to Apple Music on your Android device to stream millions of songs. Get exclusive playlists and recommendations for music you'll love. And listen across your other devices with the Apple Music app. Open the Apple Music app on your Android device. The first time you open the app, you'll see a “Welcome to Apple Music” message. If you don't see this message, tap Listen Now at the bottom of your screen. Already subscribe to Apple Music? Tap the trial offer (one trial per person or family). Choose an individual subscription, family subscription to share with up to six people, or student subscription. If you have an Apple ID, tap Use Existing Apple ID and sign in. If you don't have an Apple ID, tap Create New Apple ID, then follow the steps. If you're not sure if you have an Apple ID, we can help you find out. Confirm your billing information and add a valid payment method. Tap Join Apple Music. After you subscribe to Apple Music, you can change your subscription to a family, student, individual, or annual plan. Learn more about Apple Music and pricing and if Apple Music is available in your country or region. Information about products not manufactured by Apple, or independent websites not controlled or tested by Apple, is provided without recommendation or endorsement. Apple assumes no responsibility with regard to the selection, performance, or use of third-party websites or products. Apple makes no representations regarding third-party website accuracy or reliability. Contact the vendor for additional information. Helpful? Thanks for your feedback. Help make the next releases of iOS, iPadOS, macOS, tvOS, watchOS and HomePod software our best yet.
